## County of San Luis Obispo

TO: Board of Supervisors

FROM: Public Works

Doug Rion, County Surveyor

VIA: Dave Flynn, Deputy Director of Public Works

DATE: 8/28/2012

SUBJECT: Submittal of resolution accepting an existing offer of dedication for the widening of Templeton Road, County Road No. 4083, for the Templeton Road widening project east of Atascadero (WBS 300386). District 5.

### **RECOMMENDATION**

It is our recommendation that your Honorable Board approve the attached resolution to accept that certain offer of dedication, for the Templeton Road Widening project, as described in Volume 1679 at Page 209 of Official Records being the westerly 12 feet of Parcel 2 as shown on Parcel Map CO 72-158, filed in Book 10 at page 49 of Parcel Maps.

### **DISCUSSION**

The proposed Templeton Road widening project will widen a 0.63 mile portion of Templeton Road between South El Pomar Road and Bluebird Hill Lane. The project will provide two 12-foot wide travel lanes together with 4-foot paved shoulders. This project is funded through a State highway safety improvement program and helps to address a higher than usual collision pattern on this road. Templeton Road is designated in the County Bikeways Plan as a future Class II route. The widening project will provide Class II bike lanes for this portion of Templeton Road.

The attached resolution will accept an existing offer of dedication providing additional right of way width along the westerly boundary of Parcel 2 of Parcel Map CO 72-158 necessary for the Templeton Road Widening project. The site is located approximately 0.15 miles south of South El Pomar Road. The offer of dedication was made by Lawrence B. Mora and Mary T. Mora.

Construction of the project is planned for 2013.

### **OTHER AGENCY INVOLVEMENT/IMPACT**

County Counsel has reviewed and approved the attached resolution as to legal form and effect.

## **FINANCIAL CONSIDERATIONS**

Accepting additional right of way width into the County maintained road system does not increase the calculated average annual cost of road maintenance.

Funding for the road improvement project is through a Federal Road Safety grant and Prop 1B funds previously designated by your Board.

## **RESULTS**

Approval of the recommended action will increase the width of the County maintained road right of way necessary for the construction and maintenance of safety improvements to Templeton Road, a road currently within the County maintained road system.
